3. Pro General will accept drivers that need a non-cancellable SR22

If your insured driver needs a non-cancellable SR-22 filing (case numbers that begin with a "2" or "4"), you can quote those drivers with Pro General. These policies must be paid in full and any changes to these policies will require a new policy.

4. Pro General will have a rate change effective 7/1/2015

As our final step to remain in compliance with HB119, we have adjusted our rates by increasing the base rates for Bodily Injury and Personal Injury Protection by +10.0%. This change will be effective July 1, 2015 for new policies and August 1, 2015 for renewals. This now allows us to accept drivers that were previously underpriced.

You can email marketing@progenins.com or contact John Crispi at (844) 776-4361 if you have any questions about these changes. This bulletin does not constitute a legal contract and are subject to change at any time. For more information about our company please visit www.progenins.com.
